Buyers must satisfy themselves as to the accuracy of their purchases at the time of delivery. The auctioneer cannot be held responsible for any discrepancy which might be discovered after the lots have been removed from the premises.

In the event of any dispute between bidders for a lot, the auctioneer shall have absolute discretion to settle the dispute or (whether or not the lot has been knocked down as sold) to resubmit to lot for sale by auction at the sale in progress or as soon as practicable thereafter.

Failure to comply with these rules in respect of any lot entitles the auctioneer to re-sell the lot.

Agents bidding on behalf of undisclosed clients do so on their responsibility both for payment and safe delivery of the lots. The auctioneer shall not be liable for any default of the purchaser or the vendor. Bids from minors will not be accepted unless accompanied by a full cash deposit or by suitable guarantees. Each lot is sold as genuine unless otherwise described.

The Auctioneer reserves the right to admit individuals to view or entry into the Auction Room and to refuse bids from same, for reasons not to be disclosed.

Items described as having defects are not returnable on account of their condition. Items graded are purely the opinion of the describer and may not necessarily be the opinion of others. Disputes arising to be settled at the auctioneer's discretion.

Any dispute as to the meaning or operation of these conditions, a synopsis of which is printed above, shall be determined conclusively by the auctioneer.
